### BATTLE OF ST. JULIEN

On Friday, 21st of April, the Calgary Highlanders, formed from the 10th Battalion C.E.F., held a dinner to celebrate the anniversary of the battle of St. Julien, where the 10th and 16th counter attacked and held up the German advance on Calais, described by General Foch as the finest incident in the war.

The 10th Battalion was led by Lt. Col. R. L. Boyle, of Crossfield, who was mortally wounded in the attack.

Mrs. Boyle was the honoured guest of the regiment.

### Akita C.G.I.T. Enjoy Grand Tour South

Saturday last was a gala time for the members of the Akita C.G.I.T., when, headed by Miss Wilda Laut, they left Crossfield about 8:00 a.m. and motored to Turner Valley. They had a flat tire on the way, but managed to get lunch and then went on to the Prince of Wales Ranch where, they claimed to have been in the same bed, sat in the same chair, had a bath in the same bath tub and walked on the same rugs as the Prince of Wales himself.

However, they had a wonderful time, returning home through Black Diamond, from there to Okotoks, where they had another flat tire, stopped at Calgary and saw the monkeys at St. George's Island, where they also had supper. (Some of the girls who reported looked as though they had a good time, seeing their best friends.) Any way they managed to return home at 8:00 p.m.; when this story was submitted to us.

### Birthday Party For Miss Violet Currie

While Violet Currie was here for Easter holidays she reached her 16th Birthday, the occasion being celebrated by a party. Owing to the absence of her mother and Grandmother, in Calgary through sickness, the part of hostess was ably taken by Miss Marjorie Walker. The guests were some of the members of the A.Y.P.A. and their friends, and the time was spent in games and singing of songs. The table was nicely decorated, a birthday cake adorning the centre. Violet was the recipient of some nice presents. Among those present were the Misses Marjorie and Irene Walker, Winnie and Edna Tredaway, Irene Sefton, Mary Collins and Cyril Biddulph, who

### Crossfield To Erect War Memorial In Village Park

#### Mill Rate For Village Set 20 Mills

At a special meeting of the village council held Monday evening last, in the Fire Hall, H. McIntyre, representing the committee waited on the council to ask permission to erect a war memorial in the village park. After discussing the matter, the Legion was granted permission to erect this memorial in the park, on a sight north of the tennis courts, and it is understood that building will commence immediately. The contract has been given to McTavish and McKay, Calgary.

#### Mill Rate

The estimates of the village for the coming year were brought before the council and it was decided that the mill rate be left the same as last year, which is 20 mills.

#### South Road Entrance

A letter from the secretary of the Board of Trade before the meeting, regarding the south entrance to town, for grading and widening, was read and discussed. The council decided to have the matter attended to and that this road will be considered in the estimates as part of the season's improvement program.

#### A General Move.

A general move is about to take place in town. Mr. and Mrs. Emerson are vacating their house north of town. The Hesketh's will then move in the Emerson house. The McDonalds will move into the house vacated by the Heskeths, next, the Tweedies will move into the house vacated by the McDonalds. Happy McMillan will then move into the house vacated by Tweedies. Roland Fleming will move into the house vacated by H. McMillan and the Fleming house is to be rented by an out of town family. So when Bill Emerson starts the ball rolling, well, someone is going to be busy.

had the time of his life among all the ladies.

Elsie Mossop was not present owing to her absence in Okotoks. Joe Wonnock from the Wlkaer Ranch also assisted Cyril in entertaining the young ladies.

### Married Men Triumph Over Girls in Softball Game

Perhaps our referee was to blame, at least the girls were dissatisfied and the men blamed him for his work, and Mr. Gish himself says he made an honest job of it, so all we can do is tell you that the men beat the girls in a game of softball Wednesday evening to the tune of a 20-17 score, in a five-inning event.

This is the first such played this season and we are looking forward to more, which puts pep into the married men of the town; but we believe Mr. Gish is sticking up too much for his class, so the next time, well, anyway, the personnel of the teams was as follows:

Senoritas: Cora Hall, c; Mary Murdoch, p; Dorothy Hesketh, 1b; Katherine Leask, 2b; Vera Atkin, 3b; Mabel Sharp, ss; Miss Gish, lf; Jo Waterhouse, cf; Eugene Havens, rf.

Married Men: A. D. Stevens c; D. W. Carmichael p; Rev. Hunt 1b; T. Tredaway 2b; G. Dawson 3b; E. Devins ss; M. N. Jones lf; J. M. Huston cf; H. R. Ballam rf.

### UNITED CHURCH NOTES.

#### Service at Madden next Sunday.

Ten million starving Spaniards will receive help through the American Friends (Quakers) Service Committee. The Friends are asking help to distribute 3,000,000 bushels of wheat offered by the Federal Surplus Commodities Corporation through the Red Cross. The Ships are waiting to take the wheat across; the Friends will distribute it as bread.

At the United Church's Indian School at Morley the Dominion Government is meeting the expense of training the boys in mink farming. It is to be hoped this may improve the economic condition of the Stoney tribe whose income from trapping has been inadequate. The boys are also to be taught to build a log house, on the grounds of the school, setting doors and windows, making simple furniture. When finished the girls will be taught to keep house in it.

### Crossfield and Madden Social Credit Groups Hold Get-Together

The joint meeting and programme of the Crossfield and Madden Social Credit Groups, held in the Madden hall Friday last, April 21st, was very successful. A good crowd was in attendance in spite of the busy time. Mr. W. R. King, M.L.A., was present and addressed the gathering, giving a summary of the legislation enacted at the recent session, dealing at some length on the Marketing Act and explaining the functions of the various boards which may be set up under this act.

The evening opened with the Crossfield group programme, which was packed with action and humour throughout. The programme consisted of an opening song by the group songsters, followed by a recitation, "The Handsomer Man" by John Becker. The group quartette then sang, "Rose of My Heart." Next was a comic sketch, "Brown's Unlucky Day," which shows Mrs. Brown, just about to start the daily grind of work, receives a telegram informing her of her mother's illness, whereupon she decides to do take the first train to Water Vatley, leaving Brown to do the housework; ironing and so forth. Brown is pestered to death with pedlars and agents until he is almost crazy. However, the last one happens to be a most charming young sales lady which, of course, makes a difference, and while Brown is thoroughly enjoying the visit of the young lady, Mrs. Brown returns, which brings a wild climax to the sketch. The balance of the programme included solo and musical selections and a song rendered by applicants who came in answer to an ad in the local paper, some from Brazil, one from Russia, and other parts of the world. A Jewish comedy brought roars of laughter from the audience, and completed the Crossfield share of the programme.

Mr. King then addressed the gathering, followed by the Madden group programme. The group singers rendered "Swing Low, Sweet Chariot," exceptionally well, which is the usual programme.

### A.Y.P.A. Entertain

The members of the A.Y.P.A. of the Church of the Ascension entertained a number of A.Y.P.A. members from St. Michael and All Angels parish in Calgary, in the basement of the masonic hall last Tuesday. A number of the members of St. Stephen's parish were unable to come, owing to a breakdown in transportation facilities. The visiting members were loyally entertained by the locals to games of all sorts. A tasty lunch was served about 10:30 p.m., after which dancing was indulged for an hour or so.

A return invitation is being issued shortly by St. Michael's to the local branch.

### J.W.A. RALLY

Last Thursday the Junior Diocesan rally was held in the church of St. Michael's and parish Hall. A number of members were present from Three Hills, Carbon, Exshaw, and Crossfield in the country and St. Stephen's, Pro-Cathedral, St. John's, St. Barnabas, St. Gabriel's and St. Michael's in the City. The children were conveyed from the rural points by cars. Thanks are due to D. J. Hall, Mr. Huston, T. Tredaway and the Rector for conveying the children from Crossfield and return.

The programme consisted of a short service and address by Mr. Morgan in the church, games on the common, lunch and then a programme of short plays and tableaux. The play presented by the Crossfield Juniors was named "Nurse Brown," a play (continued on page six)

thing for these Madden singers. A solo, "Little Grey Home in the West," Mrs. Geo. Brown, Comedy skit, "Gentleman First," which was well acted and humorous. Duet, "Danny My Boy," by Miss Myrtle Osmond and Miss Eleanor Powers. Chorus, "Down by the Old Mill Stream" by the group singers, followed by "Whispering Hope," which concluded the programme thoroughly enjoyed by all present.

It is hoped, in the near future to have the Madden Group visit Crossfield in another such programme.

## Whither? Democracy

I have in front of me a treatise by J. Taylor Peddie on Democracy. He says a stabilized peace cannot come to the world until our respective national systems are based on the rule of equity, so that the economic security may be given to all individuals living within the state, from which will arise a world system that will give economic security to all nations.

The major art today is still the art of money-getting. Many people live for this solely. Money should not control production and distribution, but facilitate them. God did not make man for the purpose of being exploited by a momentary machine, but that he should use it to maintain the flow of distribution at its maximum point. Fundamentally the more he produces, the more he can divide, and he cannot divide until he produces. There are millions of people in the state of poverty and destitution waiting for the new mechanism which will bring about an increase of distribution, and those who hesitate to bring them about, have a heavy responsibility to bear.

We are living to-day in a world of fear, because Democracy has found no answer to the major problems which face it. Governments are spending thousands of millions on re-arming, for what they are pleased to term "defensive purposes." On the conclusion of re-armament—what then? The establishment of peace will then bring us face to face with the economic issues which remain unsolved.

Bolshevism and Fasism could have been avoided had Democracy found the answer through the problem of distribution. No sane man would wish to give up his freedom and liberty or go to war if individuals and nations had economic prosperity. The challenge to Christian authority rests with Democracy itself, by reason of its failure to find an equitable system of distribution in accordance with Christian doctrine.

This is taken from The National Message, March 15, 1939.

### CHAPTER TWENTIY

"Friendship, mysterious cement of the soul;  
Sweetener of life, and soldier  
of society."

—Blair.

It has been said again and again that if parents of Lady Elizabeth Bowes Lyon, the present Queen Elizabeth, had planned the career of their daughter with the deliberate purpose of preparing her for the days when she would assume the responsibilities of the wife of the King, they could not have added anything more than Fate itself had been able to accomplish.

Throughout her childhood, her youth and just prior to her marriage to the King, Lady Elizabeth Bowes Lyon had shown all those qualities which are essential for the role of a Queen. She had a charming personality, which had the good fortune to combine dignity with simplicity, seriousness with a touch of gaiety, and she had a natural talent to make friends and to retain them. These qualifications are necessary for a first lady of the land and it is the real explanation for her popularity to-day.

Her social contacts begin at an early stage in her life. When she was a child of seven, she acted as a little bridesmaid at the wedding of her eldest brother, Lord Glamis to Lady Dorothy Osborne the daughter of the Duke of Leeds. When she was only nine years of age, she acted again in the same role at the wedding of her eldest sister, Lady Mary to Lord Elphinstone. In later years she continued to be outstanding at many important social functions and she was peculiarly popular, although she was a very young girl at that time.

Whenever she was a guest or a hostess, she was always outstanding on account of her personality and disposition which unconsciously conquered the hearts of all who came into contact with her. When she was only five years of age, she met the King at a party at the home of Lady Leicester, and it is an interesting page of history which records that she made such a deep impression on him that when he met her again thirteen years later he recognized her immediately without any introduction. Thereafter, this friendship blossomed into a romance, culminating in their marriage.

During the Great War, she saw history being made and it caused a strong reaction, arousing sympathy and understanding

## HIGH SCHOOL REVUE

During the last year and a half the organization of the high school was such that it was necessary to give all our time and attention to the academics of the various courses to the entire neglect of the other desirable features of a modern high school curriculum. Today throughout the province more and more time is being devoted to those extra-curricular activities which provide the student with an opportunity in self-expression along those lines in which he shows ability and aptitudes other than those required for the mystery of text book material.

In the light of modern educational methods we need make no excuse or apology for time and effort devoted by students and teachers to the preparation of a public program such as they will offer on May 19th in the U.F.A. Hall, Crossfield. This program will provide a high class of entertainment of a varied nature, and will at the same time be of educational value to the students themselves.

The program will consist of Modern and Classical Music, Folk Dances, Novelty Numbers, a P.T. Display, and a One Act Play. No effort is being spared to present these numbers in an entertaining and finished manner. The high school staff promise the audience a really good program.

The proceeds of the program will be used to help defray the expense of the high school Geological excursion to the mountains on June 2, 3, and 4. This

of the realities of life at an early date in her life. Four of her brothers, Patrick, John, Michael and Fergus, were amongst the first men who answered the call to arms and who joined the army at the outbreak of hostilities, with one of them, Fergus, being killed in action at Loos in September, 1915, and another, Michael, being forced to languish in a German prison camp for years. Her famous Scottish home, Glamis Castle, was converted into a hospital and she saw at first hand the atrocities of war in its resultant consequences since wounded soldiers were sheltered and nursed right in her own home from the early days of the struggle until late in 1919, with the long rows of white beds replacing the usual furniture of this beautiful and ancient castle. This explains why the wife of the King has always shown an inborn, innate seriousness and sympathy for human suffering which is unusual for a woman of her age, with her sense of obligation to public duty strongly influenced by her experience and upbringing in this atmosphere.

outing is being carefully planned and will doubtless be as instructive and educational as so much time spent with books alone. When people come from the States and from Europe to enjoy our lovely mountain scenery, it seems inexcusable for people of Crossfield to grow to adulthood and know so little about it.

By attending our program on May 19th, the general public will be well entertained, we think, and will also help to make possible our plans for the first week in June. Tickets for the program may be obtained from any high school student. We solicit your patronage, feeling that we are giving value for the assistance you give us. Thank you.

An old farmer friend of mine, a good horseman, who always raises a few colts, was telling me last fall, that he had no use for a noisy, stinking tractor, said he "horses raise more horses and the mortgage, tractors only raise hell." I called on him today, he was driving a new, 22-36, pulling a four bottom, and was he dusting! But he is keeping his horses, he says the wet years may come again, and he only bought the tractor to please his son. From what I could see of it the son will have to use the horses.—Oh well, they still need a school pony

## UNITY COUNCIL NOTES

DELIA: April 24 Initial step in securing nomination of a Unity candidate in Hand Hills constituency was seen at a meeting of residents of this district here Tuesday, April 18th. Following an address by E. W. Brunsden, Calgary, secretary of the Unity Council, and a discussion of the situation in the constituency, the meeting created an organization to work with similar bodies in other parts of the constituency. It was urged by a number of residents that immediate action be taken for the holding of a constituency-wide organization meeting.

A.C.B. Grenville, Morrin farmer, was elected chairman of the local Unity organization.

## OH YEAH !!

A bank inspector visited a branch in a small country town and was surprised to find nobody

on duty. He went behind the counter, checked up the money, took down ledgers, but still nobody came near him. Up he crept to the manager's office, peered through the glass door and spied the manager, teller and two clerks in shirt sleeves having a game of cards. He determined to give them a scare and sounded the burglar alarm.

The racket from the bell had scarcely died down when the barman from across the road arrived with four mugs of beer on a tray! —The Budget

Commencing April 30 almost all network programs will be heard one hour earlier, necessitating also many changes in local programs.

## TIME CHANGES

The late Will Rogers once said in a radio broadcast: "You know, we here in the West have got the edge on you who live in the East. Why, we don't have to get up till three hours after you, we put in a full day's work and we can stay up three hours after you folks have gone to bed and still get the same amount of sleep."

This bit of illogic occurred to us as we wrestled madly with that bugbear known as Daylight Saving Time. On April 30, the East will start using this device, which means that all network shows coming from there will be heard one hour earlier here. You see, we don't change with them—which makes everything just lovely, since the whole schedule must be revised.

The time change will be in effect Sunday, April 30, so keep your eye on the new schedules and check the times. We don't want you to miss any of your favourite shows.

## KRAFT MUSIC HALL
